

Remember: you need to be photographed the summer BEFORE your senior year begins.

This deadline is set by the yearbook company.

We photograph from April to August and offer huge savings for those who come early!

Sessions will be booked with the regular price and credit will be applied toward your final order.

April: 50 % of your session fee
PLUS an additional 20% of your package purchase

May: 40% of your session fee

June: 25 % of your session fee

July 10% of your session fee

(see chart for details)

Because credits are based on the month of the session, rescheduling to a different month will affect your credit.
Take Advantage of these money saving discounts. All Discounts will be applied towards your final order.
